**WEBINAR: Develop, Pay, and Retain: Building Technician Growth Plans with Local Compensation**

**Online Zoom Meeting**

12:00 PM - 01:00 PM EST

*Finding and keeping great technicians isn't just about paying more. It's about paying intelligently and giving your team a clear path to grow. During this webinar, Rick Seymour & Shannon Few will break down how to pull highly granular, local market data to accurately benchmark technician compensation in your specific area, so you can stay competitive without over- or under-paying. We'll also cover how to build intentional technician growth plans that align skills, certifications, and performance KPIs with compensation progression. You'll walk away with practical strategies to support professional development, improve technician retention, and ensure your technicians grow with your business and not out of it! Whether you're struggling with turnover, planning for growth, or simply want to validate your pay structure, this session will give you actionable tools you can use immediately.*
